With sports, marching band, and color guard already in full swing, we would like to point out some parking logistics related to these extracurricular activities. Traffic and parking will be impacted in a variety of ways depending on what events are taking place on a particular day. Please consider the following:

- ✓ Parents are asked to be cognizant of the effect this will have on the Bellamy and Alternative School Parking Lots and should allow for at least ten minutes when planning arrival and departure times while at the same time considering other locations to pick up their student-athletes such as the Alternative School Lot and A Lot which is located in front of Dover High School.
- ✓ At no time is anyone allowed to use B Lot located on the western side of Dover High School as that is now a fenced off area and inside the active construction site.

- ✓ For any events taking place on Dunaway Field, the only entry for spectators is on Bellamy Road and parking inside the gate is limited to those with handicapped stickers/plates and game officials.
- ✓ Please observe all parking rules and park only in designated parking spaces in order to expedite traffic flow and maintain the safety of athletes, officials, and spectators.
- ✓ Vehicles not parked in legal parking spaces are subject to ticketing by the Dover Police Department. **Illegally parked cars will greatly effect traffic flow, student safety, and emergency vehicle access and egress so please only park in designated spots.**

Thank you for your help and flexibility during the construction project.

Transportation- Parent Drop Off

We encourage students to take the bus and car pool to alleviate traffic and delays due to the volume of traffic in the area around morning drop off and afternoon dismissal. Our close proximity to the Dover Middle School and the limited ability of the infrastructure to handle the volume of traffic present at these times makes travel through the Durham Road/Route 108 and Bellamy Road corridors difficult at best. This situation will at times be compounded by the construction of the new school even though every effort will be made to limit construction related travel during arrival and dismissal times. If you are dropping your students off and/or picking them up, we ask that you use Parking Lot A (not the bus access road) in front of the school or the Alternative School Lot located across the street. We also ask you to note that both of these parking lots have one-way traffic patterns. For Parking Lot A, the entrance is on the Durham Road/Route 108 end of the lot and the exit is on the Bellamy Road end of the lot. For the Alternate School Lot, the entrance is on the Bellamy Road end of the lot and the exit is on the Durham Road/Route 108 end of the lot.

Sincerely,

Peter Driscoll
Dover High School Principal
